### 3. TITLE/TOPIC OF PRESENTATION

An emerging model for eGovernment collaboration

### 4. PRESENTATION SYNOPSIS/ABSTRACT

**Brief summary of content and focus of the presentation:**

The presentation focuses on the creation of a connected city strategy that emphasizes bridging the digital divide, and which lays the foundation for the delivery of e-government services which can be accelerated through collaboration.

**Key points for discussion include:**

- How can the various spheres of government collaborate to bridge the digital divide and provide coordinated e-government services
- How do we speed up the delivery of cost effective e-government services
